FORD ARE YOU INSPIRED?—This question was asked, and I truthfully reply, I am. There are various degrees of inspiration. I claim not to equal David, writing the Psalms, or John when being lifted into the 7th heaven and seeing these big monsters, but I verily believe (?) if necessary, to have help from some source, and once I remember tracing the source. In the early California days, when a circus was on wheels traveling from town to town, as a boy, I lacked funds. (Now I have plenty)—The tent being spread, and some playmates having made the curtain under cut successfully, I took a chance. District, (always have and get) caused me, on hands and knees, to get head under, and reconnoiter.—That incident ruined me, as it will you.—The guard without, reached the "spot". His boot reached a vital "spot", which, having telephonic connection with my brain, found another "spot", and as centrifugal force carried me 12 feet. I landed in another "spot", when confusion, and the boys jeers, caused moisture and grime on cheeks, to make 2 long drawn "spots", following which I heard the dirty remark, "Why don't you wag your tail, 'Spot'?"—Friends it was inspiration that prompted, respiration, and perspiration, that ended. Now I have time to list articles, but having bought during past 2 days \$1,000.00 worth furniture, bedding, carpets, hardware and harness, I promise you I can undersell any dealer in Phoenix. My name is Ford, 24 West Jefferson. n
